

PIDDLE DASH 2011

Tom and James from The Watercress Company took part in this year's Piddle Dash on the 9th of October to raise money for Prostate Action.

They both managed to complete the 6km course (although James did manage to get lost!) and although (as James said afterwards) "It is not a race" , Tom won.

Between the two of them they managed to raise £371. We don't need to say who raised the most (Tom).

Well done to the both of them. Hopefully James will invest in a GPS system for next year!
